SUMMER 2023 IMPORTANT PAYMENT INFORMATION
Tuition Payment Deadline – Wednesday, May 17, 2023

Billing of tuition and fees is an automated, electronic process driven by student registration transactions. All student account information and billing statements are available electronically through the Online Student Account Center. CCAC does not mail paper bills. Notifications of eBill statements are issued to the student's official CCAC academic email. **Students are required to monitor their CCAC email account regularly.**

Summer 2023 course registration creates financial responsibility for tuition and fees. Financial clearance of your student account must be achieved by the tuition payment deadline through one or more of the options listed below. **A $15.00 late payment fee will be assessed to any student account not meeting financial clearance by the published payment deadline.** Additionally, any student account carrying a balance due that is not covered by a payment plan, financial aid or third party sponsorship is subject to a monthly late payment fee.

Registration will be accepted after the payment deadline; **payment is due at the time of registration**. If you choose not to take class(es), you must contact a campus Registration office for instructions on how to *officially* drop class(es) **BEFORE** the first day of the **term** to avoid being held responsible for tuition/fee charges. *If you do not drop your class(es), you will be charged!* Please refer to published registration procedures at https://ccac.edu/enrollment/registration/registration-procedures.php for information on how to drop classes as well as the Summer 2023 Academic Calendar for exact dates and deadlines. The majority of classes are 6, 8 or 10 weeks in length. However, there are courses that follow a shorter calendar and have a shorter drop-withdrawal period.
